

Raise Your AirQ

Look for the SkyCast:

The SkyCast is the **daily air quality forecast** for Greater Kansas City. Find it at www.marc.org, via local media outlets, or by calling (913) 383-7557.

On Ozone Alert days:

- Drive less: carpool, take the bus or bicycle.
- Avoid refueling. If you have to get gas, do it in the evening.
- Don't top off your gas tank — stop at the click.
- Postpone lawn-mowing or mow in the evening.
- Avoid grilling or use a charcoal chimney to light coals.
- Don't idle your car for more than 30 seconds.

Clear Air.
Clear Thinking.
